Attach the lower base plate to the upper base plate and secure it with flat-head screws.

(2)

(3)

Self-Tapping Screws

**Step 6**
Use the provided self-tapping screws to secure the base to a mounting surface.

**CAUTION!**

To ensure the unit working properly, please keep all connectors away from the contaminants such as dust, grease, mud, and water.
Negligence may cause the unit to lose communication, short circuit, or overheated. If the connector is damaged, please ensure the connector is fully repaired before using the unit to avoid short circuit.
